A charming, versatile arrangement enriched by two spacious master suites, each with private deck, and skylighted dressing area in some plans. Note how the living and dining areas combine for gracious at-home entertaining, warmed by a wood-burning fireplace. A breakfast bar, a garden window at the kitchen sink, and an interior laundry area are additional enhancements.

Windows in living room and master bedroom are in end units only. Skylights in bathroom and dressing area are in interior units only.

Second Level

First Level

A bright, sunny courtyard brings the light of the outdoors through sliding doors into the kitchen and offers direct access to a convenient laundry area in the attached garage. The living and dining areas flow together gracefully to enhance social gatherings, cheered by the warmth of a wood-burning fireplace. Upstairs, two expansive master suites feature private baths and skylighted dressing areas in some plans, as well as large walk-in closets.

Windows in living room and master bedroom are in end units only. Skylights in bathroom and dressing area are in interior units only. Enlarged patios are in interior units only.
