### Option 4

The perfect home for the young family or the couple who enjoy elegant entertaining. The formal entry and living room with open fireplace is a dramatic introduction to this home. The spacious kitchen is ideally located with direct access to both the large family room and the dining room and offers a view through windows with a view to the rear. Convenience is the byword whether for formal dining, formal entertaining or an outdoor barbecue.

The sleeping wing features a master suite, isolated to the rear of this house with its own private bath. The third bedroom converts easily to a den or study, and the indoor fireplace is in exactly the right place, centrally located to all bedrooms. An excellent living space.

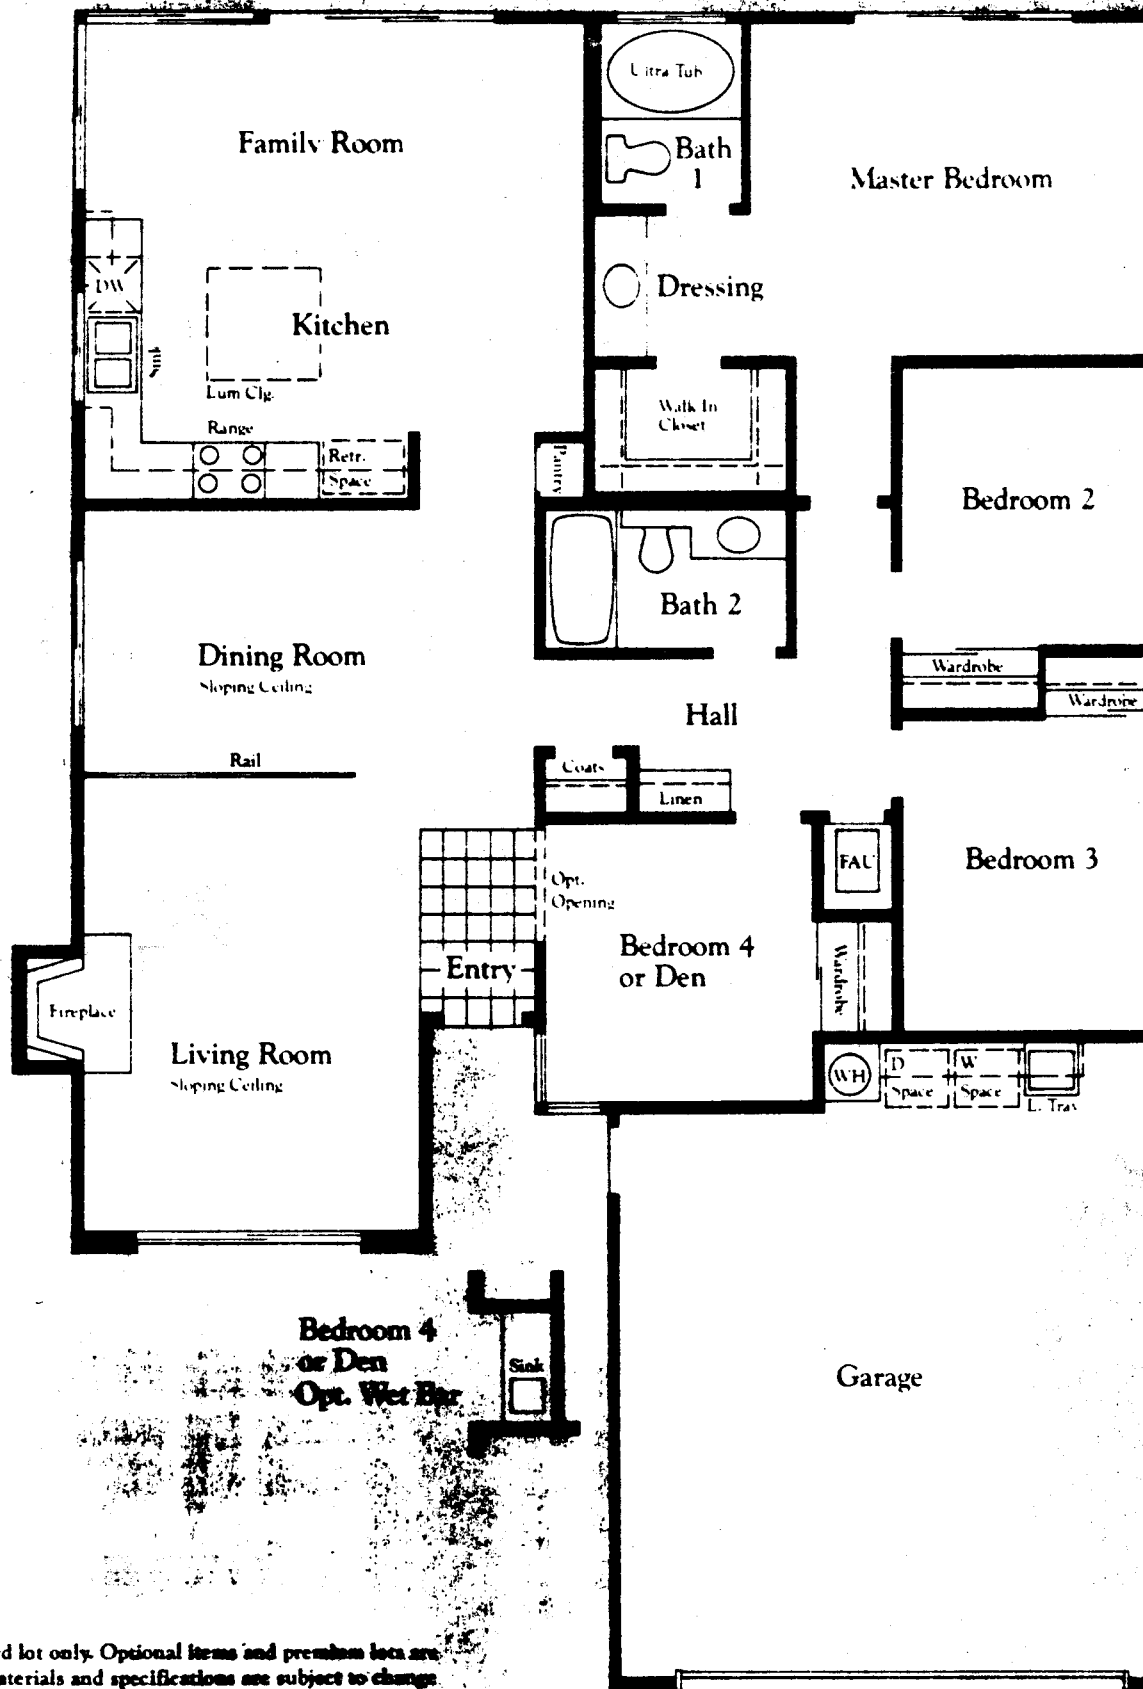

### Single Story, 3 Bedrooms, 2 Baths, Family Room

Best prices include this home and standard lot only. Optional finish and premium lots are available at additional cost. Plans, specifications and specifications are subject to change without notice. All homes offered are subject to prior sale.

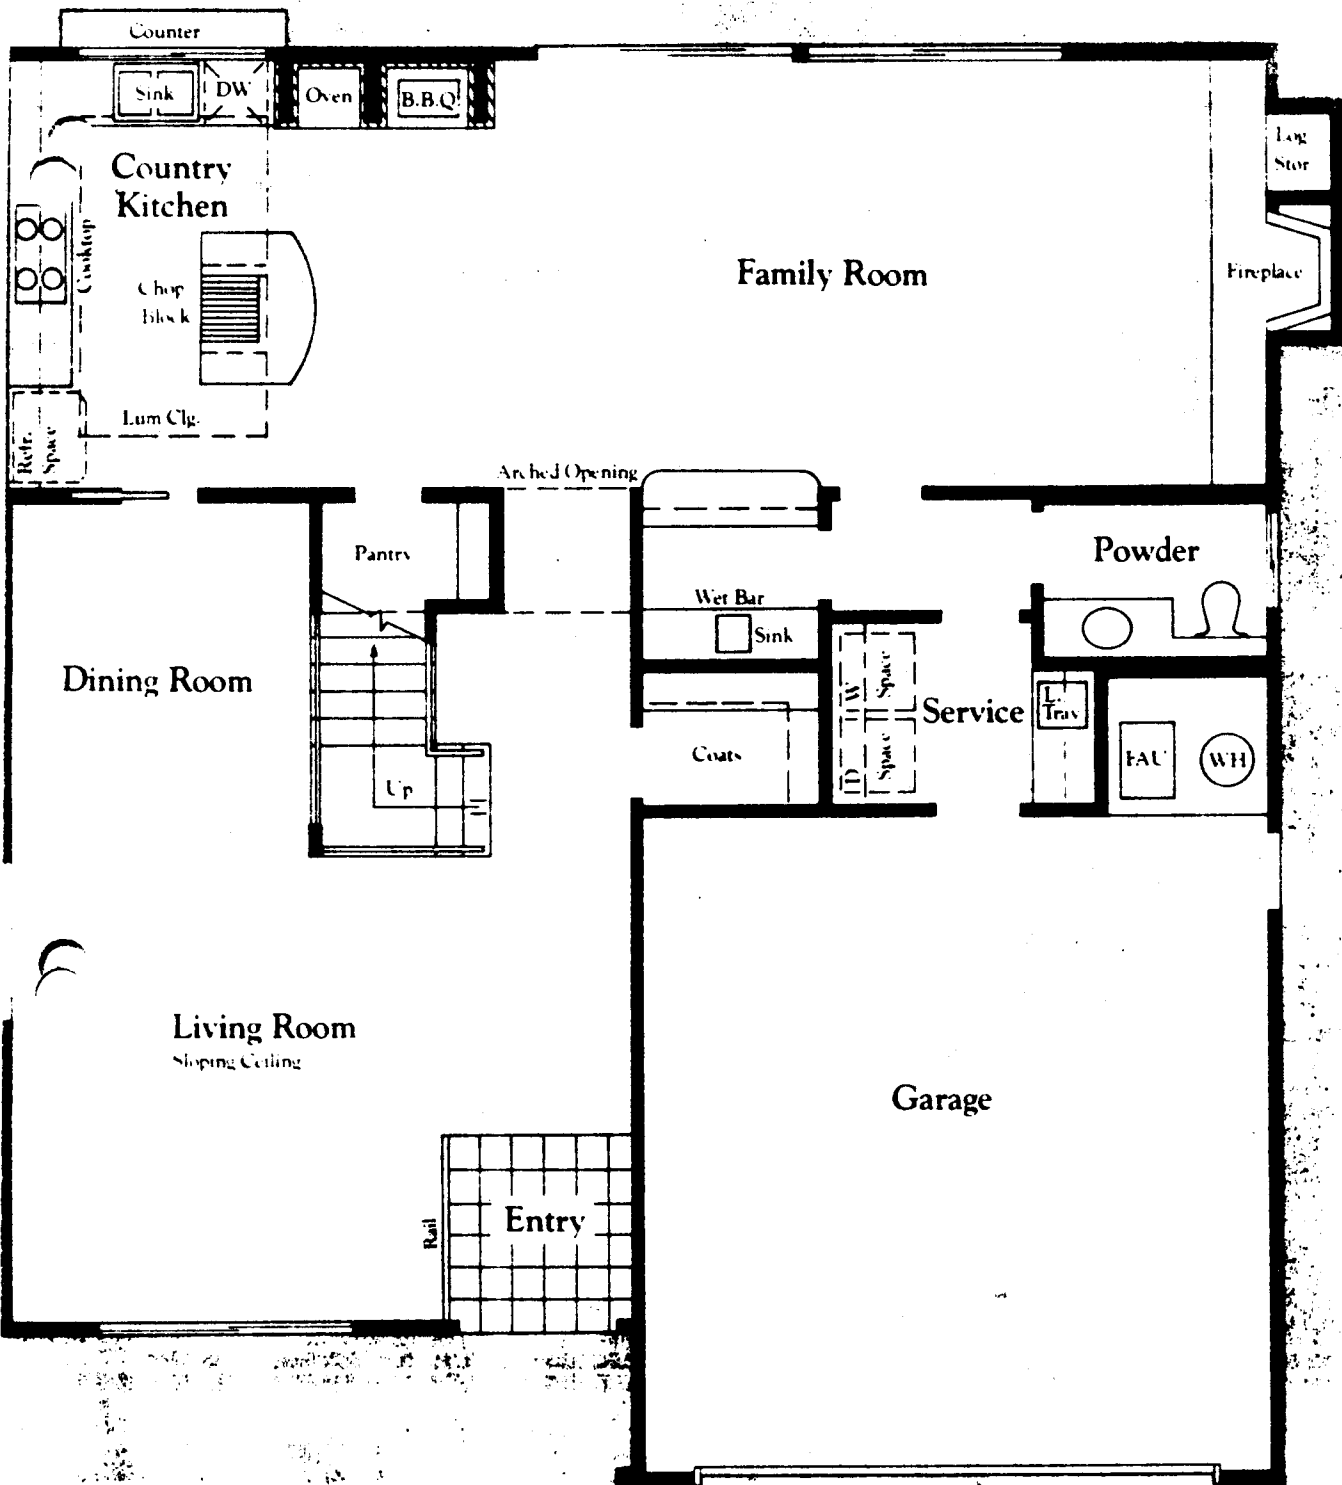

**1st Story, 4 Bedrooms,  
Baths, Family Room**

An excellent floor plan separates the living area of the home from the sleeping wing. The spacious living room and dining area feature dramatic sloping ceilings adding architectural volume. The large window makes the living room not only light and airy, while the beautiful fireplace creates a warm coziness. The kitchen flows into the family room in a most convenient arrangement.

The sleeping wing features a master suite set privately to the rear of the home with a dressing area and master bath with walk-in closet, and oval Ultra tub. Secondary bedrooms all offer easy access to the second bath, with the fourth bedroom offering an option of converting to a den or any number of other uses.

Base price includes basic home and standard lot only. Optional items and premium lots are available at additional cost. Price, plans, materials and specifications are subject to change without notice. All homes offered are subject to prior sale.

# The Paleont

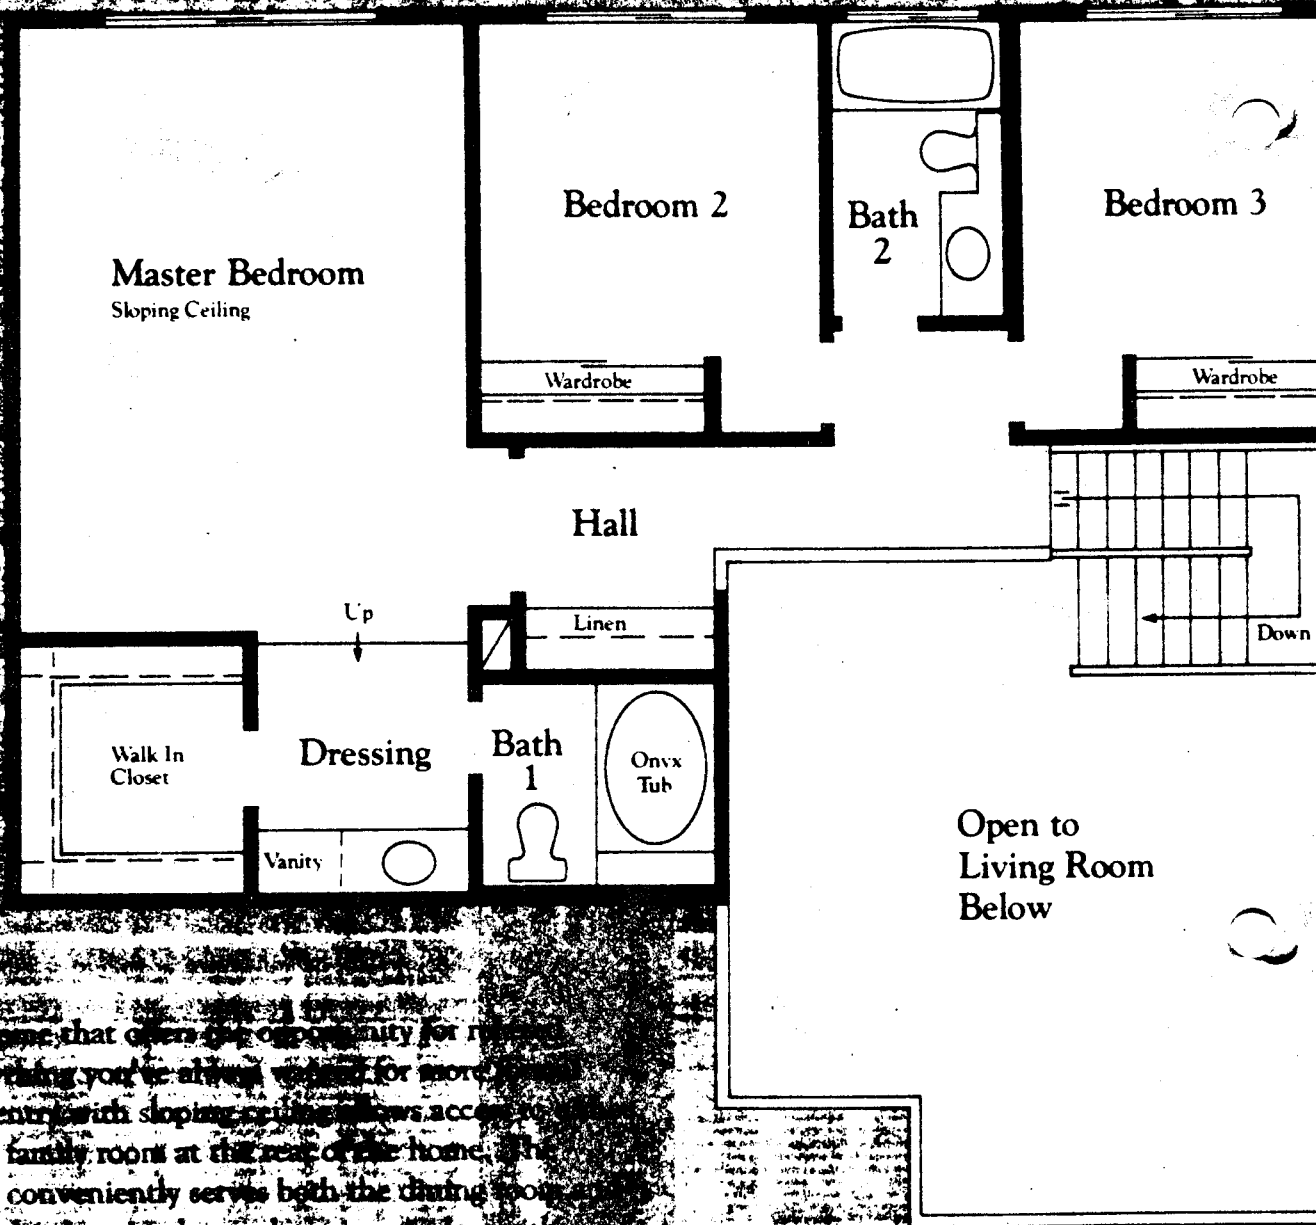

Two Story, 4 Bedrooms, 3 Baths, Family Room

An exceptional home that offers the opportunity for relaxed formal living plus everything you've always wanted for more entertaining. A striking entry with sloping ceiling allows access to the living room or to the family room at the rear of the home. The centrally located kitchen conveniently serves both the dining room and the family room. The kitchen's eating bar and service window with counter to the outside make casual dining a breeze inside and out. The fourth bedroom with adjacent bath can be utilized as a den, sewing room or for a multitude of other purposes.

Upstairs you'll find the master suite set privately aside with a spacious walk-in closet, dressing area and cultured onyx marble bath. A dramatic perspective is revealed from the hallway as you look down on the living room below. The secondary bathroom is conveniently located on either side of the second master bath.

Base price includes basic home and standard lot only. Optional items and premium lot are available at additional cost. Price, plans, materials and specifications are subject to change without notice. All spaces shown are subject to prior sale.

# The H

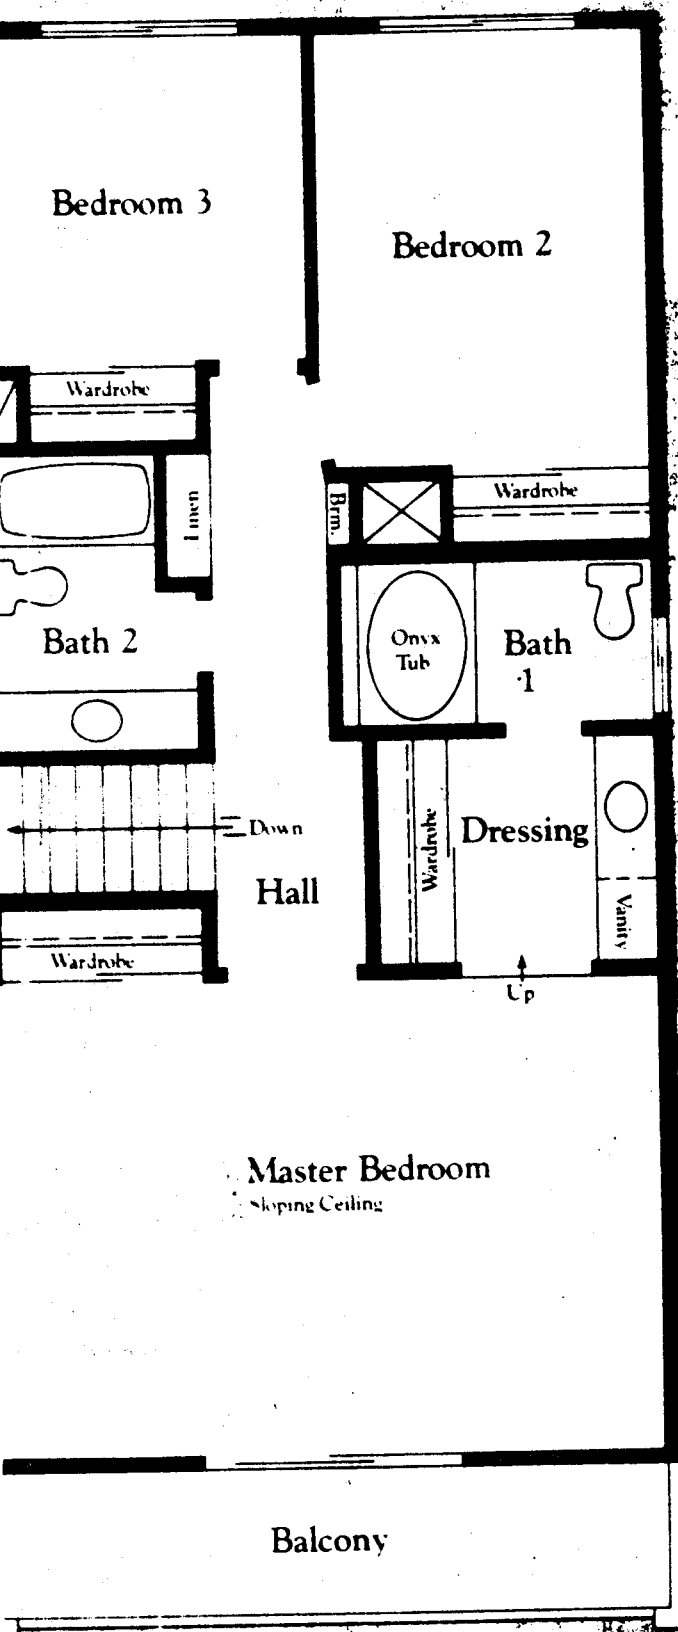

## Two Story 4 Bed

The advantages of home are almost limitless. The active family, the love kitchen with a built-in bar and an island counter with chopping block and eating opens into the large family room with its own built-in bar. The living room and adjacent dining room with sloping ceilings create an elegant setting for formal entertaining. The fourth bedroom easily converts to den, study or game room.

Upstairs, the large master suite with sloping ceiling is set privately to rear of the home and offers large walk-in closet and a bath with a dressing area, double built-ins and oval tub. The secondary bedrooms are well-proportioned and conveniently near the central bath. And then there's the bonus room. It comes completely carpeted, and can choose from a variety of options for more bedroom space, or as a sensational room. You'll seldom find a home as versatile.

Price includes basic home and standard lot only. Optional items and premium lots are available at additional cost. Price, plus, materials, and specifications are

## Split Level, 4 Bedrooms, 3 Baths, Family Room

This home offers a great deal of interior excitement with changing levels, sloping ceilings and the arched opening between the dining room and the breakfast nook. The living room is particularly spacious and has great visual depth due to the sloping ceiling and the elevation over the dining room. The formal dining room has a very intimate feeling and flows nicely to the large family room, with its built-in wet bar and imposing wall-to-wall fireplace. The kitchen is a dream with a large breakfast nook, and arched opening serving the wet bar.

Upstairs this home offers a master suite set apart all to itself. Here you'll find double wardrobe closets, a dressing area and cultured onyx marble bathtub. The secondary bedrooms are well proportioned with convenient access to the second upstairs bath.
